No. 20.

NAMAYO RATEPAYERS PLAN IMPROVEMENTS FOR A VENUE

CONSTRUCTION OF SEVERAL BRICK BUSINESS BLOCKS COSTING APPROXIMATELY \$200,000, WILL BE COMMENCED EARLY THIS SPRING

Building activity and general business advancement in 1911 on an unprecedented scale are anticipated by the property-owners of Namayo Ave., who will organize for the improvement of this business thoroughfare as a meeting place for the city. The association of Namayo Ave. merchants will take steps looking to the removal of every obstacle to the establishment of the avenue as a permanent commercial highway of first importance, and will make an effort during the coming spring to induce the owners of Namayo Ave. property to remove such premises as are undesirable or to sell to parties who will be willing to erect modern business blocks.

The programme of building construction on Namayo Ave. is already a large one. In immediate prospect, or already under way, are undertakings which will increase by over \$200,000 the value of the avenue buildings south of the tracks, while several other property owners are contemplating the erection of substantial structures, but are not in a position to yet to announce their plans. In every instance, they will provide for the construction of business blocks of the most modern type.

Last year's increase in the assessment of city property, which relieved the merchants of the city of a large proportion of the burden of floor space taxation, fell heavily upon the owners of properties on Namayo Ave., which have not been put to a reproductive use. Speculative holders of real estate who have been content to keep their buildings for a rise in value,

Move Lumber Yard.

An instance of the manner in which the application of single tax principles, even in their present modified form, is affecting the holders of properties other than those upon which revenue-producing buildings are constructed was provided the Capital yesterday in a conversation with Mr. McDonald, manager of the Fraser Lumber Co., whose yards are located in the second block north of Jasper, on the east side of the avenue.

(Continued on Page Five.)

GOVERNOR GENERAL MAY ABANDON TRIP

Dangers of Travel in Far Northern Waters Are Deemed Too Dangerous

Ottawa, Jan. 5.—It is not at all certain now that Earl Grey will take his much-talked of trip to the mouth of the McKenzie next summer. Aside from the fact that the Governor-General will be back in Ottawa in early autumn in time to greet the Duke of Connaught, who is coming to Canada then, the dangers of travel in northern waters are considered too great. There would be considerable danger too, in having a vessel like the warship Rainbow, which was to meet Earl Grey at the Arctic, traverse northern waters that had never been properly charted.

It is possible that after his return from the coronation of King George, in June, Earl Grey may make the trip in a Hudson Bay steamer.

LARGE INCREASE IN EVERY DEPARTMENT

Board of Trade's Annual Statistical Report Demonstrates Prosperity of City

The Edmonton Board of Trade have issued their annual statistical sheet giving statistics for 1908-1909 and 1910. The following is the statement for 1909 and 1910, with the percentage increase in the various departments of 1910 over 1909.

Customs duties, 1909 \$250,658; 1910 \$593,726; increase 1910 over 1909 35 per cent.

Building permits, \$2,128,161, 1909; \$2,161,356, 1910; increase, 1910 over 1909, 1.52 per cent.

Post office (stamps only) 1909, \$70,063; 1910, \$83,411; increase, 1910 over 1909, 19 per cent.

Bank clearings, 1909, \$31,561,018; 1910, \$71,631,115; increase 1910 over 1909, 23 per cent.

Street railway—Passengers carried, 1909, 2,148,830; 1910, 2,688,829; increase, 1910 over 1909, 25 per cent; revenue, 1909, \$22,211; 1910, \$157,511; increase, 1910 over 1909, 71 per cent.

NATURAL GAS.

Omaha, Jan. 6.—A telegram from Upton, Wyo., about fifty miles south west of Leads, S. D., says there is much excitement there over the striking of a strong flow of natural gas in a well sunk by F. L. Young, inside the city limits.

MINNEAPOLIS IS IN DARKNESS

Electric Light Plant Put out of Commission by Fire Caused By Explosion

Minneapolis, Jan. 6.—Minneapolis, the metropolis of the state is isolated from the outside world today except by telephone. Every electric light in the city is out and every plant depending on electricity for power is at a standstill. Even the newspapers are unable to set type and at noon there was little prospect of any power all day unless help comes from the street railway company or other industry which supplies independent power. An explosion in the main plant of the Minneapolis General Electric company, a fire which did thousands of dollars damage, and completely incapacitated the entire manufacturing branch of the institution. The telegraph companies, flour mills, elevators in the big buildings and the manufacturing industries are affected, and many will be closed down for twenty-four hours.

GALLAGHER IS GIVEN TWELVE YEARS' SENTENCE

Man Who Attempted to Murder Mayor Gaylor of New York, Gets his Deserts

New York, Jan. 6.—Jas. Gallagher, the man who attempted to take the life of Mayor Gaylor last August, and was almost successful in carrying out his purpose, was yesterday sentenced to a term of twelve years' imprisonment. Gallagher was convicted, however, not on the charge of shooting Mayor Gaylor, but on a charge of assaulting with intent to kill, William H. Edwards, commissioner of the street cleaning of New York.

HAD NARROW ESCAPE.

Winnipeg, Jan. 6.—Mr. Justice McCall and other occupants of 317 River Avenue, had a narrow escape from death by asphyxiation yesterday morning from coal gas escaping from furnace while occupants were asleep.

MINERS' STORY OF BELLEVUE HORROR

Evidence of Gas Found in Some of the Old Workings by Workmen

Bellevue, Alta., Jan. 6.—The first story of those who were entombed in the mines by the disaster of the 9th of December, was told on the witness stand here yesterday by Andy Matcon, a Finn, who was running a drill in 110 chute that night. When he found the air operating his drill had ceased, he sat down to eat his supper, thinking it only a temporary delay. When the air did not come on again, he sent his partner out to see what the matter was. They soon found that something extraordinary had happened.

When they found ventilation cut off they knew there had been an accident. They worked their way out as far as chute 8, looking into the chutes as they went. When they reached the air motor, they could get no farther for the wall of after-damp, and went back and tapped on the air pipe with their drills, but got no answering signals. Matcon lost consciousness, and when he came to, he was outside the mine. He stated that he had not noticed the presence of gas in the mine before the explosion.

Deal and Pinno, who were with Matcon, told almost the same story. Evidence of gas having been found in the old workings was given by Cardell, a miner. Also was recalled today to identify the pipe and tobacco matches found on three or four bodies.

Anti-Canada campaign which has been waged by a combination of the American railroads will not in the least stem the tide of American emigration into Canada.

"It's all a matter of climate," said Mr. Armstrong. "Our clear, bracing climate is such a pleasant contrast to the smothering atmosphere south of the border that as people come to know about it, they will come here to live in increasing numbers."

Mining Interests May Amalgamate

Rumored Three Companies, Including Pacific Pass Co. of Edmonton, Will Consolidate

According to a rumor which has reached the city from Montreal, it is possible that an amalgamation of the Hillcrest mines, and the Pacific Pass Co. of Edmonton, together with another western mine company, may take place in the near future.

The Hillcrest mine is one of the largest mills on the Crow's Nest pass and is controlled by eastern capitalists, who are said to be backed by the Canadian Pacific railway.

The Pacific Pass Co., capitalized at \$500,000, whose offices are in Edmonton, have organized to develop big coal areas south of the Grand Trunk Pacific west of Edmonton, and have been carrying on development work for a year. The company is headed by Mr. Greenfield and other capitalists of Montreal.

Raymond Bestwick, who is local manager for the Pacific Pass Co., is one of the city at present, and no confirmation could be obtained here of the rumor concerning his company.

STATEMENT IS OF NO VALUE

Chairman of Finance Committee Considers Civic Report on Estimates Worthless

"The statement of current estimates as submitted to the council by the commissioners is worthless," said Alderman McInnis, chairman of the finance committee of the council, in morning. "No details are given, and it is absolutely useless to submit a statement of this kind to the council."

Alderman McInnis declared that a statement which did not give details could not be discussed by the finance committee. He objected to the inclusion of the estimates for the commissioners' offices, the secretary's office, the auditor's office, and the assessor's office, under the one head of "central department."

A detailed statement is now being prepared by Commissioner Butcher.

22 INDICTMENTS IN DYNAMITE CASE

Reward of \$25,000 Offered for Arrest of Men Who Wrecked Times Building

Los Angeles, Cal., Jan. 6.—Murder on a wholesale scale is understood to be the charge set forth in 22 indictments set forth by the grand jury in the Los Angeles Times explosion case yesterday. It is not known how many persons are named in the indictment, but it is generally believed that not more than three men are mentioned in the true bills.

Labor unions of Los Angeles have been in the limelight in connection with the blowing up of the Times building, and the people of the city were for a time worked up to excitement bordering on panic when the news of the catastrophe was first received. The unions have been fought bitterly by the Times proprietors, and one theory advanced in explanation of the explosion, a theory supported by Mayor Alexander, was that the building was blown up by dynamite conspirators.

A committee of the state building trades convention, an alternative theory that the explosion had been occasioned by gas. Considerably more than forty witnesses, the majority of them members of labor unions of San Francisco or other cities of California, were brought into the city for examination during the course of the investigation, and in all over 200 persons were called to the witness stand. J. B. Bryce, M. A. Schmidt and David Kaplan, three suspects in the case, were in San Francisco for a few hours after the explosion but have subsequently disappeared, and a reward of \$25,000 was offered by the county board of supervisors for their capture. The detectives state that the three men purchased dynamite from a San Francisco firm, that dynamite was used to destroy the Times building.

MAY RE-OPEN NEGOTIATIONS

Premier, While in Ottawa, May Take Up Matter of Provincial Control of Resources

It is altogether probable that Premier Sifton, when he visits Ottawa next month to attend the annual meeting of the conservation commission of Canada, and the big convention of the Canadian Forestry association, will bring forward the matter of provincial control of Alberta of all her natural resources.

The premier when asked this morning regarding the matter, declined to state what action he might take. During the session of the legislature, he made the statement that it was his intention to push forward negotiations with a view to provincial control of natural resources, and it is quite likely that he will take the opportunity of his visit to Ottawa to renew negotiations with the Federal government, and to bring the question to the attention of the conservation commission, of which his brother, Hon. Clifford Sifton, is chairman.

Since Alberta is one of the richest provinces in the Dominion, in natural resources, the conservation convention next month will be of the utmost importance. The resources of the province, if in the control of the provincial government would bring an enormous revenue to the coffers of the province.

From an Alberta standpoint particularly and from the standpoint of the Dominion generally, the forestry convention promises to be one of the most important ever held in Canada. Lecturers will be in attendance from United States and other nations which have made a particular feature of forest conservation, and there will be about 200 delegates present.

In view of the fact that the Dominion government has set aside the entire eastern slope of the Rocky mountains as a forest reserve, and that the greater part of this reserve lies in Alberta, and that its conservation means the protection of the sources of many of Alberta's largest waterways, the convention and the discussions to take place, will be most important from an Alberta standpoint.

SURVEYOR BACK FROM THE NORTH

Has Extended Fourth Meridian to a Point Beyond Northern Boundary of Province

After completing the extension of the fourth meridian as far as township 117, which is considerably north of the northern boundary of Alberta, J. N. Wallace, Dominion land surveyor, so whom has been entrusted the work of the extension of this meridian, is in the city today.

Mr. Wallace, with his little band of surveyors, has been gradually creeping towards the Arctic circle, on the extension of this meridian, for three years, during which time he has run the meridian for several hundred miles. He will be on the work for some time yet, until the meridian has been completed to the Arctic circle.

There are now two parties of surveyors working on extension of meridians. In addition to Mr. Wallace's party A. W. Ponton has had a party working for some time on the Fifth meridian, which has been extended now some distance beyond the northern boundary of the province.

LEMIEUX PLEADED.

Had Very Enjoyable Time on His Trip to South Africa.

London, (CAP) Jan. 6.—Hon. Rudolph Lemieux was greatly pleased with his visit to South Africa. Every one was attentive and considerate en route and on the coast he had a royal time, all English houses being thrown open to him and he was a public guest everywhere the treamer called.

THREE MILLION ACRES READY FOR SETTLERS

WILL BE OPENED SHORTLY—MORE LAND SUBDIVIDED IN ALBERTA IN 1910 THAN IN MANITOBA AND SASKATCHEWAN TOGETHER

When the big army of Dominion land surveyors, who are rolling back the map of Alberta each year, at the rate of several million acres of newly surveyed land each year, leave Edmonton within the next few months to take up their contracts for 1911, they will go farther north and northwest than ever before, and will open up another huge area of land, on the borderland of settlement in the north.

New contracts for the survey of government land will be awarded to Dominion land surveyors within the next few months, and these surveyors will leave Edmonton in the early spring for their summer work. During the spring, summer and fall of 1911, there will be a score of more of surveyors leaving Edmonton, and they will go into the far corners of the Peace River country, and the Athabasca country, to lay out new blocks of homestead land.

3,000,000 Acres Laid Out. During the past year, the fifteen or twenty surveyors that were working out of Edmonton laid out approximately 3,000,000 acres of new land in the north, north-east and north west.

BUILDERS ASK FOR NEW AGREEMENTS

Unions Which Have Not Signed Up Should Submit Proposals Before January 31st

Building trades unions who contemplate asking for changes in their present agreements with the builders' exchange, or who, not now having an agreement with that body, propose to open negotiations for agreements, must submit their proposed agreements to the builders' exchange before the close of January, according to the rules and regulations of that body.

The purpose of the builders' exchange in asking that all proposed new agreements be submitted to them by the unions before January 31st, is that three clear months may be left before May 1st, the date upon which all labor agreements generally go into effect, for negotiations between the unions and the builders, so that there may be no danger of a tie-up after May 1st, and that there may be ample time for the unions and builders to get together, on any point of difficulty.

Just at present there is no indication or likelihood of any trouble between the building trades unions and the exchange. Two of the biggest trades unions, the carpenters and the masons and bricklayers, have already agreed to submit their proposals to the exchange, and the others having worked into effect since last May 1st.

The laborers union have also an agreement with the builders' exchange which expires in 1912. But these are the only three building trades unions that have agreements with the exchange, the others having worked without agreements.

None of those unions who have not agreements have yet given intimation of their intention to enter negotiations for agreements, but it is altogether likely that they will do so.

There is sufficient heavy work from Prairie Creek to the Tete Juan Cache, to keep the contractors busy for another year, if not two years. Rock work has already commenced, and contractors west of the Athabasca are this winter busy blasting in the big cuts.

Sub-contractors covering the whole section west of the Athabasca to Tete Juan Cache will probably be let within the next month or two. Freightage west through the mountains will be commenced as soon as the steel has reached Prairie Creek.

MAYOR ARMSTRONG FAVORS THE TENANTS' FRANCHISE

BELIEVES EVERY BONA-FIDE TENANT SHOULD HAVE A VOTE—CONSIDERS QUALIFICATION PERIOD TOO SHORT—ABOLISH POLL AND BUSINESS TAX

Mayor Armstrong this morning placed himself on record as being in favor of the principle of the tenants' franchise, which should be granted to every bona-fide tenant of the city. His worship is of the opinion, however, that the qualification period, named in the charter as amended, is too short and that the next session of the legislature is might be desirable to ask for an extension of this period. Mayor Armstrong will seek the opinion of the city solicitor to the manner in which the clause governing tenants and householders franchise might be applied. As the charter now stands there is considerable doubt as to how the clause should be interpreted.

This worship is also in favor of the abolition of the business tax. The alternative to the abolition of this tax this year would be to reduce it to a nominal figure. He is also opposed to any revival of the poll tax and announces that he will not support any proposal for its reimposition.

DEACONS COME BACK DEFEAT STRATHCONA

After Two Crushing Defeats Deacon's Eskimos take the First Game of the Series for the Provincial Championship—Outplay Strathcona all Around—Score 3-2

Who Scored the Goals
1st—G. Banford, Deacons.
2nd—J. Sutherland, Strathcona.
3rd—Unknown, Strathcona.

The Deacons came back a little last night and out it over the Strathcona bunch to the tune of three to two. The game was fast but both teams going the limit but very little combination was worked. Heavy, sticky ice spoiled to a certain extent what would have been a very fast game.

The attendance was perhaps the largest that has been in the rink this year outside of holiday games there being, it is estimated 800 people there. Compared with the number of Edmonton fans that travelled over to Strathcona on Christmas Day, Strathcona was very poorly represented last night.

Lack Combination
The Deacons still lack the combination that makes a championship team but were a decided improvement over the team that went on the ice in either of the two previous matches. Strathcona makes a good point and saved the game several times. Jack Gordon at centre was the star of the evening with McGannon a close second. Shorty Campbell put up a classy game at cover point. Gordon Banford apparently was not in condition for he lost the entire game. Only once in the second half did he show any kind of speed whatever. Dea, on the opposite wing played a fairly good individual game, but was never in position and never followed up a long shot on goal. In goal Allan was the mainstay of the defence. Time after time he saved the game by making brilliant stops.

Hold Strathcona
Strathcona did not get away with any of their disastrous bursts of speed. Kent and Newman who played brilliant games in the two previous matches were checked hard and failed to find the net in their usual manner. Clarke showed up well in goal.

The Deacons held the game well in hand right from the start except for a few minutes in the last half when Jack Gordon was on the fence during which Strathcona rained shots on the Edmonton goal, but several snappy saves by Allan kept the game.

The two or three changes in the "cross-the-reef" bunch did not seem to be an improvement. The team did not play quite as well as when they defeated the Deacons before. Jackson was taken off and McCarthy put at point. N. Sutherland being moved to cover and Parsons going to the wing made vacant by Jackson's retirement.

Outplayed Strathcona
The Deacons won by out-skating and out-playing the Strathcona team in every much the same way as the Strathcona septette out-played the Deacons on New Year's day. Their combination was not as good as Strathcona's on that occasion but they were faster on their skates and handled their sticks in better fashion.

A feature of their playing was the fast back checking of McGannon and Gordon. During the last 10 so effectively did they feel it back that the

Strathcona were scarcely able to carry the rubber past centre ice. Dea also did some good recovering. The game was clean throughout. Once near the end several of the players indulged in rough house tactics, starting a boxing exhibition but were promptly snatched by being put off the remainder of the game. Heavy body checking was the order of the evening and the Deacons out bodied their opponents.

Summary of Play
From the scratch Newman carries the rubber near the Edmonton net but loses to Sutherland, who loses to Kent. The rebound Campbell takes it up and passes to McGannon who mixes in front of goal. It returns to the Edmonton net but Gordon recovers and passes to Banford who takes it down and shoves through a hot one making the first tally for Edmonton.

Newman takes it on, a pass from scratch but loses to Gordon. Gordon loses to Sutherland who takes it down and after a short tangle passes one over on Allan. For the remainder of the first half the play is even but mostly in the Strathcona end. Gordon gets a couple of beautiful shots but Clarke stops. Near the end of the first half the ice is covered with wet snow and the players overskate the puck frequently, but the half ends without further score. One all.

Second Half
After a few minutes' play in which the Deacons set so fast a pace that Strathcona can scarcely follow the rubber, Shorty Campbell shoots one through. From the face off McGannon secures and rushes but is stopped by Sutherland. J. Sutherland takes it back but loses to Gordon who passes to Banford, but Banford is not there and Newman gathers it in. Newman loses to Dea but Parsons takes it away and goes down, loses to Campbell, who takes it down. In the tangle in the Strathcona net Dea makes an off side and from the 2 sentch Gordon Banford shoots and the puck glances off McCarthy's skate into the net.

After ten minutes hard play Strathcona get their second and last goal from a mix-up in the Edmonton goal. Scorer unknown. Gordon goes off for tripping and Strathcona forces the play raining shots on the Edmonton net, but Allan protects it from damage. Final score: Edmonton three, Strathcona two.

The teams lined up as follows:
Deacons Strathcona
Allan goal Clarke
McCarthy point McCarthy
Campbell cover N. Sutherland
McGannon rover J. Sutherland
G. Banford right wing Newman
Gordon centre Kent
Dea left wing Parsons
Referee—Harold Dreton.
Judge of Play—Fred Whiteford.

Pieces of John J. McGraw, now appearing in various exchanges, make the Giant manager look like a cross between a long-haired bull pup and a Chinese war god. Outside the newspaper John is a good-looking lad.

Comie Mack is disappointed because he couldn't bring some Italian assets with him to America for use at Shible park on rainy days.

COMMERCIAL TEAMS PLAY FAST GAMES

Northern-Davies Lose to Swifts By Default—Ross Bros. Take Second in Overtime Play

Swifts took the first game in the mercantile league games at the Excelsior rink last night by default. The whole line-up of the Paching plant was present but the Northern Davies failed to put in an appearance so Swifts take the game by default.

Ross Bros. vs. Hudson Bay Co. 3-0.
Ross Brothers took the second of the games by a score of five goals to three playing ten minutes over time to decide the game which was a tie at the full period. The game was fast, both teams working their hardest, but at times getting in a little combination that helped to make it interesting. At half time the score was 2 to 1 in favour of the hardware merchants and at the end stood three all. There was a fairly large attendance.

The teams lined up as follows:
Ross Bros. Hudson Bay Co.
McMullen goal Bow Hunter
Thompson point Chish Thompson
Johnson rover Helmer Ross
Kelly centre McLeod Kelly
Graydon right wing Chinneck Graydon
..... left wing Creelock

MIKE HANNON DEAD
Newcastle, Pa., Dec. 21.—Michael Hannon, manager of the famous Nesquehanna baseball team of this city, which in 1895 defeated all the baseball teams of the country, died at his home here of locomotor ataxia.

PRESIDENT BARROW IS VETERAN PLAYER

New President of Eastern League Has Plenty of Baseball Experience to Aid Him

Edward Grant Barrow, who was elected president of the Eastern league at the annual meeting in New York, was born in Springfield, Ill., in May, 1868. After leaving school he went into the newspaper business in Des Moines, Ia., also playing with and managing local amateur base ball teams there he came east in 1880, engaging in newspaper, hotel and theatrical business in Pittsburgh until 1894, when he helped organize the Interstate League and secured the Wheeling, W. Va., franchise, managing that club and winning the pennant in both the Interstate 2d and Iron and Oil League in 1892 and 1895; secured the Paterson, N. J., franchise in the Atlantic League in 1896, and was only prevented from winning the pennant by the Newark team under Deans Ellis, playing and winning three games of the last day of the season from Billy Sharps's Athletics. In the playoff for the Soby Cup, the Paterson Club won easily in that year.

Introduces Several Stars
Mr. Barrow had the good fortune to introduce several stars to the base ball public, among the most prominent being the great Honus Wagner, Emmett Heidrich, W. R. Armour, George Smith and Dick Cogan.

In the fall of 1899 Mr. Barrow was elected president, secretary and treasurer of the Atlantic League to succeed Sam Crane, and held the office for three years, until the league disbanded in the fall of 1899. Barrow then went to Toronto, managing that team in 1900, 1901 and 1902, finishing fifth in 1901, and first in 1902.

Manages Tigers Two Years
He then signed with Detroit, after being offered the management of the Philadelphia and St. Louis National League clubs. Mr. Barrow managed the Detroit club in 1903 and 1904, managed the Indianapolis club in 1905, and Toronto again in 1906 and in 1907, after getting a good team together he decided to quit base ball and go into the hotel business in Toronto; turned the team over to Joe Kelly, who won the Eastern League pennant with it.

He remained out of base ball for three seasons then sold out his hotel and went back to his old love, signing to manage Montreal for 1910, where, after getting a bad start, his team made a great finish, leading the second division.

MANAGER TELLS OF FAMOUS JEM MACE

Men Who Had His Confidence For Years Says Champion Of Ten Talked of Death

London, Jan. 5.—John Mace, the once renowned English champion, was buried in Liverpool, the expenses of the funeral being borne by the National Sporting Club. The papers and friends are full of reminiscences of the fighter. Herbert C. Taylor, who for years was his manager, has this to say of him.

"With deep regret I read of the death of my old friend and partner, Jem Mace, and, as for something like twenty-eight years of my life I shared to the full his entire confidence, both in a business and a domestic sense, I may be pardoned for bringing before his admirers a few facts within my knowledge.

"The poor old fellow has passed away, as it were, among comparative strangers and almost in a strange locality. I asked myself the question, 'Where will his remains be buried?' and I know what were the old man's feelings on this subject. For many years, when we were travelling, he always insisted that we should share a double-bedded room, and many is the time we have lain awake discussing matters of business. The subject of his death and the manner and the place of his interment was one very frequently mentioned in our conversations.

"Mace always had an idea which developed into an earnest wish—so earnest, indeed, that to me it almost assumes the nature of a command—that his remains should find their resting place close by the grave of either Tom King or Tom Sayers. So deeply am I impressed by this knowledge that had I been financially able I should long ere this, with the consent of his family, have removed the body to London at my own expense.

"I was glad that the members of the N. S. C. saw to his interment in a manner worthy of his past career. But I put the above information before the members of the premier boxing institution as a suggestion worthy of consideration. There are, I am sure, a number of old-time sports who would like to pay a last token of respect to the old champion, who leaves behind him a pugilistic record which will live in history long after the present generation are laid in their graves. I should like to be glad to do anything in my power to assist."

WITH THE CURLERS

On Central Ice
Games at the Capital Curling Ring last night resulted as follows:
Yeung 13, Jeff 13.
Kinard 5, Smale 16.
Stevenson 12, John McKenzie 8.
Wallbridge 4, McGowan 13.
K. B. McKenzie 11, Martin 14.
Turnbull 9, Morris 7.

Cup Rink Draws
The draws at the Capital Rink for the remainder of the week are:
Tonight—
Mercer vs. Ewing.
J. McKenzie vs. Stevenson.
Swaisland vs. Campbell.
Archibald vs. Webb.
Massie vs. Mould.
Richards vs. Dickens.

Granite Rink.
E. H. Garrison's rink defeated J. Dunlop's last night at the Granite rink by three points. The results were:
J. Dunlop 7, E. H. Garrison 10.
The following are the draws for tonight at the Granite rink:
Nine o'clock—
M. McCauley vs. Rev. R. Pearson.
John Rae vs. John Dewar.
Eleven o'clock—
C. W. Lowther vs. T. H. Lancaster.
L. Howard vs. G. Clark.
Calgary Brewing Club 7 o'clock—
G. D. Hunt vs. S. Laine.
Calgary Brewing Club 9 o'clock—
A. W. Ormsby vs. G. P. Dobson.
A. M. Scott vs. Jas. Stovel.

Another old ball star has turned manager. The late Braden, old-time St. Louis and Cincinnati star pitcher and member of the famous "Ten Thousand Dollar Pretzel Batters," will guide the New Orleans Southern League team next season. Breitenstein helped the New Orleans club win the championship last year.

ALBERTA LEAGUE SCHEDULE CHANGED

Revised Schedule of the Edmonton District of the Alberta Hockey League

The schedule of the Edmonton District of the Alberta Provincial league has been slightly altered. If followed out as originally drawn up it would have necessitated the Deacons playing their games with Varsity one immediately after the other without any intervening matches. The new arrangement is slightly better than the old one, but it still has the Deacons playing three games in succession and there are four games played in a many days. There was also some difficulty arranging the nights which the league might have at the rink so that it was necessary to make the alterations. Following is the schedule as amended:

Jan. 3—Varsity at Bankers.
5—Strathcona at Deacons.
6—Y. M. C. A. at Varsity.
9—Bankers at Strathcona.
10—Deacons at Y. M. C. A.
13—Deacons at Varsity.
16—Deacons at Strathcona.
17—Y. M. C. A. at Bankers.
18—Varsity at Strathcona.
19—Bankers at Deacons.
23—Bankers at Varsity.
24—Strathcona at Y. M. C. A.
26—Varsity at Deacons.
31—Strathcona at Deacons.
Feb. 2—Y. M. C. A. at Deacons.
3—Strathcona at Varsity.
7—Varsity at Y. M. C. A.
10—Y. M. C. A. at Strathcona.
14—Deacons at Bankers.
16—Bankers at Y. M. C. A.

MANAGER TIGHE IS HEAVYWEIGHT

Seattle Has Heavyweight Championship of Baseball With Tighe and Dugdale

Seattle, Wash., Dec. 17.—John F. Tighe, the new manager of the Seattle club, will be in his new home in about three weeks. The fans will not have much more trouble picking him out on the street than they do President Dugdale. Here are some figures, which come close to a world's record for managerial figures: Dug tips the scales at 280 pounds, but is a trier under 5 feet 9 inches in height. Tighe weighs 250 and is 6 feet 2 inches tall. Putting the two together makes a weight of 530 pounds. They will not occupy the same seat in the annual parade next April.

In the base ball world, Tighe is known as "Jack" instead of John. He usually signs his name with the "Jack," so he will probably go that way in the Pacific Northwest. An odd thing about this giant is that while all the players who know him say that he is a corker to make things go, and get work out of his men, he has never fired a player.

In coming to Seattle so early, Tighe is simply getting on the ground and looking over the situation before spring practice commences. Tacoma will train in California, but Dug says his team will work out right where it is going to play its first game. He does not believe in conditioning in a warm climate and then returning to the actual games of the schedule.

Tighe Prefers the Bench
The regular season will start some time between April 15 and 25. Whatever date is finally selected will determine when the Seattle players report. One month will be given to preliminary work. Tighe will be in uniform and have full charge, but he will not play. Once in a while he does a little batting, but since he has become a manager he prefers to run the game, from the bench.

AFTER ESMIE'S JOB
New York, N. Y., Jan. 6.—Another vacancy in the National League staff, which President Lynch will have to fill, will be occasioned by the retirement of Robert Emslie, dean of the staff. The statement is made that Emslie will not be assigned to further duty but will be pensioned because of his faithful service as an arbiter of the game in the National League for nearly twenty years. "Hank" O'Day will be the senior umpire. Applications for vacancies in the umpiring service of the National League include George Gore, Jack Doyle and John McMahon.

TWIN CITY BONSPIEL IS ASSURED SUCCESS

EIGHTY RINKS ARE EXPECTED TO ENTER—THIRTEEN SHEETS OF ICE WILL BE USED—SPECIAL RATES ON ALL RAILROADS COMING TO EDMONTON

Good weather. 13 sheets of ice. Eighty valuable trophies. One hundred special prizes. Special rates on all railroads. And all the good will and hospitality of Edmonton.

With all these guarantees of success the big Bonspiel of the Alberta Branch of the Royal Caledonian Curling Club of Canada ought to have a record attendance. Preparations are being made by the Edmonton Curling Club to entertain the largest bunch of visiting curlers that has ever assembled in Edmonton. Rinks are expected from almost every town in Alberta, from several places in Saskatchewan, and, perhaps, from one or two towns in British Columbia.

The Edmonton Curling Club has been making busy preparations. Every thing they have done has been well considered. Ever since the annual bonspiel held last year at Calgary, when it was decided to hold the next at Edmonton where it is possible to get ice with some degree of certainty the officers of the club have been working to make it the biggest thing of its kind ever held in Alberta.

Apart from its value as a sporting event it has an advertising value to the city that can scarcely be calculated. Several hundred business men from all over the province flooding the city, being entertained by the local business men, and seeing Edmonton, and then going back to their towns and talking about the city will be easily the best piece of advertising that Edmonton will have had this winter.

But it is not only the Edmonton club that is working to make the Bonspiel a success. The Strathcona Curling Club is joining them, and with their help the Twin City Bonspiel promises to be the biggest thing in curling circles that has ever been pulled off in the province of Alberta.

Eighty rinks have signified their intention of entering, and to accommodate them there will be 13 sheets of ice, four at the Granite, six at the Capital, and three in Strathcona. There will be approximately 320 curlers in the city from outside points.

The three railways running into Edmonton have offered the curlers a bonus of a single fare to the tourists playing a single fare ticket to Edmonton and then obtaining a certificate from the bonspiel secretary which is good for a return fare. Prize lists and entry blanks have been sent out to every curling club between Winnipeg and the coast.

The Prize List.
First event—The Grand Challenge. First prize, the Tuley Tea set, value \$200 and a silver tea set, value \$100 donated by D. Brown, of Winnipeg, manager of Tuley Tea Co. and

prize, a pair of curling stones, value \$50. 3rd prize, 4 teaching club bags, value \$75. 4th prize, 2 sets fruit knives and 2 sets salad spoons, value \$30.

Second event—Tuckett Trophy. 1st prize, silver tankard, value \$150. 2nd prize, presented by Geo. E. Tuckett and Sons, Hamilton, 2nd prize, 4 pieces of Piccadilly decorated china, value \$80. 3rd prize, 4 leather cases of brushes, value \$45. 4th prize, 4 fountain pens, value \$30. 5th prize, 4 handkerchiefs, value \$20. 6th prize, 4 golf tees, value \$10. 7th prize, 4 golf tees, value \$10. 8th prize, 4 golf tees, value \$10. 9th prize, 4 golf tees, value \$10. 10th prize, 4 golf tees, value \$10.

Fourth event—Burns Trophy. 1st prize, silver tankard presented by the P. Burns Co., Calgary, value \$100, and four oak cabinets of cutlery, value \$100. 2nd prize, 4 pieces of cut glass, value \$65. 3rd prize, 4 gentlemen's walking canes, value \$45. 4th prize, 4 sets of brushes, value \$25.

Fifth event—District Trophy. 1st prize, oak silver cabinet, mounted shield, value \$75, presented by J. Bruce Payne, Ltd., Granby, Quebec, and a mahogany easy chair, presented by the City of Edmonton, and prize, a ladies silver mounted, moose head ink well, value \$50, presented by W. G. Condon, Strathcona.

Sixth event—Visitors Trophy. "Mother's Favorite" Trophy, value \$150, donated by the Taylor Milling Co., Lethbridge, Alta., and 4 individual prizes, value \$100, presented by the Edmonton Brewing and Maltting Co., and prize, 4 ladies' gold watches, value \$65. 3rd prize, 4 cut glass vases, value \$50. 4th prize, 4 brass bed-room clocks, value \$25.

Seventh event—Consolation Cup. 1st prize, Golden West Trophy, value \$100, presented by the Corby Distillery Co., and 4 individual prizes, value \$75 and 4 prizes, 4 pieces of cut glass, value \$60. 3rd prize, 4 pieces of silverware, value \$30. 4th prize, 4 dozen silver spoons, value \$25.

Eighth event—Points Competition. 1st prize presented by F. C. Lewis Co., of Edmonton, handsome cabinet of cutlery, value \$200 and prize, fine set of pipes, value \$25, presented by Deacon White, and prize, one set of military brushes, value \$10, presented by A. Archibald. 4th prize, fancy back confectionery, value \$10, presented by W. J. McCollum, 5th prize, article by Hamilton & Milne, value \$8, and also six more prizes, value at \$5 each.

Has William Heyburn Russell more money than "base ball brains"? "I'm going to have a New England team," he declares. "Everybody on the Boston National League Club must be a native-born New Englander."

REPUBLIC IS NOT ON A FIRM BASIS

British Minister at Lisbon Has
Applied to Foreign Office
for Warship

London, Jan. 6.—Has the Republic administration of Portugal broken down after barely three months' existence?

Statements of considerable definiteness reached here to-day, suggesting that the question can be answered affirmatively. It is asserted, among other things, that the British minister government asking that a warship be sent to Lisbon has telegraphed to his government that the present situation is no longer able to rely on the army and navy, and that three cruisers have consequently been sent away from Lisbon on various pretexts.

The Lisbon correspondent of the Daily Mail says that two important decrees were published to-day. The first provided penalties for offences against the Republican system and also penalties for spreading false and alarming reports. The second prescribes punishment for acts of military indiscipline.

The news of the anti-monarchical outbreak at the beginning of October first reached the world by way of Paris, and the fact that to-night's reports are given currency there by the soldier Tempa, adds weight to them. As a newspaper here, the Tempa news, in addition to stating that there were, in fact, no signs of the readiness of the working classes, who are bitter against the government, and are making demands that it is impossible for the latter to satisfy. It is also reported that the administration has discovered that a secret society is plotting to restore the monarchy, and that the ringleaders have been arrested.

On the other hand, it is noteworthy that these disquieting stories come from Madrid, whose news centers are in no wise necessarily mirrors of truth, especially where Portugal is concerned. Nevertheless, mailed reports from Lisbon which have reached flagstaff at intervals in the course of the last few weeks have been such as to prepare one to expect a crisis. Numerous strikes in Lisbon and elsewhere have been one feature of these reports. The working classes which the government has not sufficiently recognized the share they took in establishing the republic. They apparently expected that the change of government would bring the millennium, and their disappointment is commensurate with their disillusionment. They have made demands of their employers which the latter declare it is impossible to grant, but which the workers relied on the government to enforce. Finding out their mistake, the proletariat have become generally disaffected towards the Republic rulers, and according to current reports, they threaten grave trouble.

Insubordination in the army and navy is said to be rampant. Discipline has been entirely lost. Many officers of both services have resigned, finding it impossible to continue in their commands.

The cruiser Brage, formerly the Don Carlos, was recently ordered to proceed to Madeira to assist in enforcing the anti-cholera measures. The crew fully refused to go, and when the ship was consequently ordered to disciplinary cruise, the men threatened reprisals. It is said the repression of the mutiny at Rio de Janeiro is felt throughout the Portuguese navy, which is likely to fall the republic in the hour of need as it fell the monarchy.

Another reported cause of unrest is the struggle among the place-hunters. Politics is a trade in Portugal, and everybody who assisted in the revolution is clamoring for a share of the spoils. There are half a score of applicants for every vacancy, and those who are disappointed foment discord. The abandonment of the prosecution of the ex-President Franco and his fellow-ministers is another cause of discontent. The judges who ruled that Franco and his colleagues came under the amnesty proclamation and ordered their release have been bitterly attacked by the Republican press.

The government, apparently with the view of appeasing the outcry, has decreed that the judges be transferred to Goa, the Portuguese possession in India, but they are to retain the same salaries they received in Lisbon. The extremists are not satisfied with this and have demanded that more drastic treatment be accorded the judges. Trade, too, is suffering. Money is not circulating freely, and the commercial classes, which are mainly Republican, are badly hit. The government has been forced to issue more paper money.

Saturday SALE

The Popular Hardware Store

QUEEN ALEXANDRA QUITS BUCKINGHAM

Will Not Take Up Residence in Marlborough House for Some Time

London, Jan. 4.—Queen Alexandra has vacated Buckingham Palace for good, the work of removing her many belongings being practically complete. It is improbable that she will be seen in London again this season, as Marlborough House will not be ready for the Queen Mother's occupancy for a long time to come.

The principal rooms at Sandringham have remained unchanged since the death of King Edward, notwithstanding all other alterations which have been made since last spring. Although the grounds have all been changed, an avenue consisting of trees—every one of which had been planted either by one of the royal family or some other illustrious visitor—has not been molested.

The tree planted by the late Queen Victoria is one of the most flourishing. The German emperor and the King of Spain are among the reigning monarchs who have thus recorded their visit to Sandringham.

Each tree is labelled so that no confusion possibly can arise, and in days to come this avenue will form a most interesting memorial.

PULLMAN PORTERS MAY LOSE ALL TIPS

If Sanitary Regulation Prohibiting Clothes Brushing Is Passed

Chicago, Jan. 6.—Fear that a possible federal sanitary regulation may operate to reduce income from tips developed yesterday as the basis for agitation among Pullman porters for a higher wage scale.

From talk heard among passengers, the porters believe that the federal government may step in, and by prohibiting the brushing of clothes in the cars for health and sanitary reasons, cut off a large portion of the porters' income right at the source—the washbroom.

"The porters have made no demands on us for higher wages," said Richmond Dean, general manager of the Pullman Company.

"What about the belief that the federal government may prohibit the brushing of clothes in the cars?" Mr. Dean was asked.

"I haven't heard anything about such a move," said he. "Of course, any reasonable sanitary law enacted by the government ought to be enforced."

TARIFF EXPERTS ARE OFF FOR WASHINGTON

Ottawa, Jan. 6.—Yesterday the ministerial party which is to be entrusted with the negotiations for reciprocity with the United States, left for Washington.

The party which left yesterday for Washington included Mr. Fielding, Mr. Patterson, Mr. Russell, tariff expert of the department of finance, Messrs. Votz and Rourke, secretaries to Mr. Fielding and Mr. Patterson respectively.

SASKATCHEWAN MAY HAVE A COMPENSATION ACT

Regina, Jan. 6.—Speaking at the opening of the new Liberal club, Premier Scott referred to the intention of the attorney-general to introduce a compensation act, whereby workmen who suffer from accidents will be assured of a certain amount of compensation without reference to the courts.

WOMAN Baffles REVENUE AGENTS

Is Believed to Be Smuggling Opium Under Their Noses at Windsor

Windsor, Ont., Jan. 5.—Under the firm conviction that she is at the head of a gang of opium smugglers, operating along the American and Canadian border at this point, a mysterious woman is being trailed by international revenue officers. The woman for weeks has been crossing the river almost daily and the unusual richness of her attire was what first attracted the attention of the government officers.

Special Agent Burton of the United States service has tracked the woman from Detroit across the river to Chinese residences on this side, then back again to similar joints on the Canadian side. On half a dozen occasions she has been searched by the customs officers, but no opium was ever found on her. The authorities also believe the woman is mixed with the band of Chinese smugglers known to be operating here and she has come to be known as "Chinese Annie."

NAMAYO RATEPAYERS PLAN IMPROVEMENTS

Mr. McDonald pointed out that the increase in the assessment last year had involved so great an increase in the taxes charged against the property that he considered it no longer desirable to use it for the purpose of a lumber yard, and it is probable that the offices and lumber piles of the company will soon be replaced by a store building.

It is also a probability that the premises of Cushing Brothers, one block north of the D. R. Fraser Lumber Co., will be converted into stores in the coming spring, although the firm's plans in regard to this proposed conversion, have not yet assumed final shape.

One of the first tasks which the association of Namayo Ave. merchants will essay, will be the opening up of the southern portion of the avenue for business purposes. Both Jasper Ave. corners are now occupied by cheaply built premises. The west corner property is occupied by a number of old frame buildings. The Namayo Ave. merchants hope to induce the owner of this property, A. E. Jackson, either to place his land on the market, or to erect upon it a block which shall be a credit to the city. The improvement of this corner accomplished, a great natural obstacle to the development of Namayo as a business street equal to the best, will be removed.

Of the Namayo Ave. building projects already under way or about to be commenced, are two which will increase the value of buildings in one block alone by \$100,000. A two-story block, with 100 feet frontage, is to be erected by Alex. Livingstone of the Caledonian store, at a cost of over \$40,000. It will be located on the opposite side of the present store at the northeast corner of Namayo and Clara. Plans for the building have been completed by Messrs. Barnes and Gibbs, architects.

Modern Business Block.
In the same block, and adjoining Mr. Livingstone's property to the north, another two-story block will be built by A. B. Agar. Mr. Agar has recently decided to erect new business premises and his plans for the building are not yet complete. This building will be of a similar type to the new Caledonian store.

North of the Agar property, a three-story block erected by Mr. Stovel, is nearing completion.

Across the street from the Caledonian store, on the Boyle street and Namayo, northwest corner, a 33-foot lot

has just been sold by Ferris Bros. for F. I. Perkins, to eastern Canadian investors, whose building plans have not yet been announced. The price paid for the lot was \$12,000, or nearly \$364 a foot. Six years ago the corner sold for \$12 a foot.

Three Storey Structure.

One block north of this, between Boyle and Isabella, on the west side, Dr. Sloan and Montz Bros. plan a three-story brick building, with a frontage of 64 feet on the avenue. The block will be located on lots 10 and 11 and part of 12, Block 6, River Lot 10.

North of this again, and immediately south of the railway tracks, a big block will be put up by the Great West. Overall people, on city property which has been set apart for lease or sale to manufacturers.

The modern brick block erected this fall by F. Schattner, at a cost of \$25,000, and the Blackie and Dowsett retail store building, both of which are located between Isabella and the railway tracks on the east side, form other important additions to the brick and plate glass improvements of Namayo Ave.

While the larger undertakings will be on the south side of the track, the development of the avenue to the north will proceed apace, following on the completion of the street railway double track, and the paving of the avenue to the Boulevard.

Germs in Her System

EVERY WOMAN SHOULD READ THIS ADVICE AND THE GENEROUS OFFER THAT GOES WITH IT

The number of diseases peculiar to women is such that we believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it fails to give satisfaction, or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the salts, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Recall Mucro-Tone is scientifically prepared from the prescription of an eminent physician who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailments of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Recall Mucro-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. Recall Mucro-Tone comes in two sizes, 50 cents and \$1.00. Remember, you can obtain Recall Remedies only at—The Recall Store, A. Archibald.

Edmonton Clothing Company

8th ANNUAL Stock-Taking Sale

Begins SATURDAY, January 7th

Continuing until January 21st

ON SATURDAY, January 7th, begins our Annual Stocktaking Sale. Every table and counter in the store will offer values that will mean big savings to the buyer. We find a larger stock of merchandise this year than usual. All know the reason for this—mild weather. Our purpose is to make this rousing sale the most economical buying event of the year. The high quality of the clothing carried by this store is well known and we guarantee and back each and every statement we make, so when we say bargains we mean **genuine bargains**. 612 FIRST STREET

BY-LAW NO. 300.

A By-law to provide by the issue of debentures of the sum of \$175,000.00 for further improving the Exhibition Park and erecting additional buildings thereon.

WHEREAS pursuant to the provisions of the Edmonton Charter the Municipal Council of the City of Edmonton did by By-law No. 248 of the City of Edmonton, duly submitted to a vote of the burgesses and duly passed on the 22nd day of February, 1910, provide the sum of \$75,000.00 for the purpose of improving and extending the Exhibition Park, therein called the East End Park, and erecting Exhibition Buildings thereon:

AND WHEREAS the said Council did by By-law No. 280 of the City of Edmonton, duly submitted to a vote of the burgesses and finally passed on the 21st day of June, 1910, provide further sum of \$75,000.00 to supplement the above named sum of \$75,000.00:

AND WHEREAS the Municipal Council of the City of Edmonton deem it expedient to erect, improve and extend the Exhibition Park, to establish throughout said park a sewerage system, to erect therein certain other minor buildings and further lay out and improve that part of said park used for exhibition purposes and also that part thereof now used for the purpose of parking and to extend and improve the buildings now being thereon:

AND WHEREAS it has been duly estimated by the said Council upon report of its officials in that behalf that the sum of \$175,000.00 will be required for the purpose aforesaid:

AND WHEREAS it will be necessary for the purpose aforesaid to create a debt in the sum of \$175,000.00:

AND WHEREAS it is expedient that a debt of \$175,000.00 be created and that the said sum of \$175,000.00 should be borrowed by means of the issue of one or more debentures of the City for an amount not exceeding that sum and the said sum should be made payable at the expiration of the period of twenty years from the date of the debenture or debentures to be issued therefor and should bear interest payable semi-annually at the rate of four and one-half per centum per annum, and should be repayable in such manner that the principal shall be repayable at the end of the said period (an equal sum by way of sinking fund being raised annually during the said period sufficient with accumulated interest thereon to meet the principal at maturity) and the interest thereon semi-annually:

AND WHEREAS the amount of the whole rateable property in the City according to the last revised Assessment Roll is \$27,909,720.00:

AND WHEREAS the total amount of the existing debenture debt of the City is \$5,835,688.59, whereof the sum of \$3,876,092.74 is for the improvement debts secured by special assessment and debts by statute not to be taken as diminishing or restricting the powers of the City to borrow and issue debentures on the credit of the Municipality at large at \$10,979,592.74:

AND WHEREAS it is expedient that this By-law should take effect on the day of the final passing thereof:

NOW THEREFORE the Municipal Council of the City of Edmonton duly assembled, enacts as follows:

1. The Mayor and Secretary-Treasurer of the City of Edmonton are hereby authorized and empowered to borrow for the purpose aforesaid, in the name and on behalf of the City, a sum or sums not exceeding in the aggregate the sum of \$175,000.00, to issue one or more debentures of the City for said sum or sums borrowed.

2. The said indebtedness and the debenture or debentures issued in respect thereof shall be payable at the expiration of the period of twenty years from the date of the issue of the debenture or debentures to be issued therefor and should bear interest payable semi-annually at the rate of four and one-half per centum per annum, and should be repayable in such manner that the principal shall be repayable at the end of the said period of twenty years (an equal sum by way of sinking fund being raised annually during the said period sufficient with accumulated interest thereon to meet the principal at maturity) and the interest thereon semi-annually.

3. This By-law shall take effect on the final passing thereof.

4. During the currency of the said debentures there is hereby imposed and there shall be raised and levied annually a special general rate on all the rateable property in the City of Edmonton at the same time and in the same manner as the ordinary general municipal taxes, a sum sufficient to meet the amount of the annual sinking fund and the annual interest, as the case may be, in each year in respect of the said debentures.

5. The votes of the burgesses for and against this By-law shall be taken at the places hereinafter mentioned on the City on Thursday, the twenty-sixth day of January, 1911, between the hours of 9 a.m. and 5 p.m.

6. Creighton Ross Palmer, of the City of Edmonton, Insurance Agent, is hereby appointed returning officer, for the purpose of taking such votes; and the City is hereby divided into polling subdivisions as follows:

No. 1, being all that part of the City of Edmonton lying west of Ninth Street; Polling Subdivision No. 2, being all that part of the City of Edmonton lying between First and Ninth streets and River Lot 4; Polling Subdivision No. 3, being all that part of the City of Edmonton lying east of First Street and south of

Clark Street, except River Lot 4; Polling Subdivision No. 4, being all that part of the City of Edmonton lying east of First Street and north of Clark Street; and William C. Marshall, of said City of Edmonton, Accountant, is hereby appointed deputy returning officer for Polling Subdivision No. 1, wherein the votes are to be taken.

No. 1128 Jasper Avenue West, Edmond Chamberlain, of said City of Edmonton, Agent, is hereby appointed deputy returning officer for Polling Subdivision No. 2, wherein the votes are to be taken.

No. 427 Jasper Avenue West, Edmond Chamberlain, of said City of Edmonton, Real Estate Agent, is hereby appointed deputy returning officer for Polling Subdivision No. 3, wherein the votes are to be taken.

No. 1128 Jasper Avenue West, Edmond Chamberlain, of said City of Edmonton, Coal Merchant, is hereby appointed deputy returning officer for Polling Subdivision No. 4, wherein the votes are to be taken.

7. The Council Chamber at the hour of 11 a.m. on Friday, the 27th day of January, 1911, is hereby fixed as the place where and the time when the Mayor will be present to make all such proper appointments as may be requested to make of persons to attend at the polling places and at the annual meeting of the burgesses.

30. The Council Chamber at the hour of 11 a.m. on Friday, the 27th day of January, 1911, is hereby fixed as the place where and the time when the Mayor will be present to make all such proper appointments as may be requested to make of persons to attend at the polling places and at the annual meeting of the burgesses.

CLERGY REFUSES TO TIP HACKMAN

Falls Ministers Object to Practice—Only Two Go Contrary to Agreement

Niagara Falls, Ont., Jan. 6.—Clergymen of this city are up in arms over the statement which is being circulated that they are in an agreement with the local hack-drivers to bring the marriage couples to them for a portion of the fee. Of the ten city pastors, two admit feeling against the Jesus. The other eight stoutly deny the practice.

The rumors recently circulated have led to a general exposure of the many evils which exist in the system of marriage here. Of the six corporations which are performing the average, less than half couple on the other side of the river, where a delay of several days is required from the time the license is issued until the wedding can be solemnized.

Rev. Matthew Quinn, pastor of the Main Street Baptist church, stated today that he gave hack-drivers five weddings the last month; three local and two "back weddings," as we call them; "I gave the driver a dollar or two, though the fees are small, I will not be bound to do as others do, though I did sign a pledge not to last August. However, I heard that the others were giving the hackmen money, so I said I would do so. I am chaplain of the Orange lodge here, and as many of the hackmen are Orangemen, I like to give them a little something."

Rev. Mr. Plaine, of the Church of the Latter Day Saints, also said that he gave the drivers money. "I signed the agreement of the ministerial association, but they told me it was illegal to tip the drivers."

Rev. David A. Moir, president of the ministerial association, and the most who fathered the agreement, later signed by all the local pastors, not to fee the drivers, is the pastor of the Morrison Street Methodist church. He has been asked to tip the driver frequently, but has always refused, as also have Rev. Hanna and Rev. Andrew, Presbyterian church, and Rev. A. P. Kennedy, of the Morrison Street Baptist Church, who stopped the practice after signing the agreement of August 1.

These pastors have wedded seven, eight and four couples respectively during the last month.

Rural Dean William Bryan, of All Saints' Episcopal church; Rev. G. S. Gordon, of Christ church; Rev. J. S. Williamson, of Lund's Lane Methodist church, with four, six and one weddings this last month, have not been approached by the drivers. Neither has Rev. F. A. Kennedy, Presbyterian church, and Rev. A. P. Kennedy, of the Morrison Street Baptist Church, who stopped the practice after signing the agreement of August 1.

Niagara Falls, long a Mecca for the honeymoon couples, is not immune for its weddings, though a few couples come down here from other towns to be "splashed." When they do they at once become the victims of the hackmen, who, with rare intuition discover them afar off. An effort is made to take them to the person who is the most recent fee, as a matter of course. Right of the clergy, regard this as the commercialization of sacred function. The other two regard it as a legitimate business venture.

Grethene—When I was walking with the inspector 60-day his hat flew off and I chased after it for a quarter of an hour.

"Why did you do that?"

"You see, I had just started to make me a proposal of marriage."

"Flange Blade."

Employer (to office boy)—If any one asks for me I shall be back in half an hour.

Patsey—Yes, sir; how soon will you be back if no one asks for you?

—Boston Transcript.

WATCH STOPPED TOO

A strange coincidence is reported in connection with the death of Mr. Geo. Platten, who died at Bishop's School of England, said "The Times," which was kept under his pillow, stopped at the exact moment he died.

A Rival Practitioner.

The chaff does not have it all his own way. A rival practice has sprung up. At the upper steel arch bridge, one man, Mimon Abahot, is known by the appellation, "Cupid."

He greets new arrivals with a hearty welcome to Canada and assures them that this is just the place to get married. He offers his services with the information that he is a government agent to look after such things. He takes the bashful pair to a license commissioner, gets the necessary document, and escorts them to a pastor, where he will give away the blushing bride, guide the groom's trembling hand, or render any other assistance. For this he is paid by the happy husband \$5. He also receives \$1 from the license commissioner and frequently \$1 from the minister.

The general sentiment is that some city official should be empowered to issue the licenses. "Why not let the cab drivers do it?" asked one minister to-day. "It's only one minister to-day."

China in Urgent Need of Relief

Three Million People Are Affected As Result of a General Crop Failure

New York, Jan. 6.—Private advice received here state that the famine in China has so far affected 3,000,000 persons and that \$100,000 is urgently needed for their aid.

Rev. Dr. Arthur J. Brown, chairman of the committee on relief, representing the lords of societies of foreign missions in the United States and Canada, made public here tonight the following cablegram from the chairman of the international committee of foreign missions in Shanghai:

"Famine prevails to a great extent over the northern part of Kiang-Si and An-Hui provinces. Three million people are affected. The Chinese government and people are generously contributing relief. According to reports of missionaries in the district affected, the relief is sufficient. Internationally, the committee organized in Shanghai propose that missionaries co-operate with the Chinese government to raise funds and assist in distribution. A million dollars is needed. Help must be carried on until May. Please communicate this to missionary societies, church papers and Christian Herald urgently requesting contributions."

The combined population of the two provinces named is 37,500,000.

Crops a Failure

Rev. Edwin Loben, a Presbyterian missionary on the spot, describes the conditions in a letter in part as follows: "We are passing through an awful famine here. The past year have been marked by repeated floods and this year both the spring and fall crops have been an almost total failure in large sections. A region of 32 miles wide by nearly 60 miles long has been swept by the worst flood within the last month. The people lost everything. The imperial government voted 40,000 taels for the twelve devastated countries, but this is a mere drop in the bucket. Taking China as a whole, the flooded district is small one, but there are floods in other parts of China, and the

WILL INSPECT CORN TO CHECK DREADED DISEASE

BELIEF THAT UNSOUND CORN IS CAUSE OF PELLAGRA HAS LED UNITED STATES GOVERNMENT TO APPOINT INSPECTORS

Washington, Jan. 6.—Recent cases of pellagra in this country, principally in the Southern States, and the supposed connection of the disease with the consumption of unsound corn, has furnished an interesting study for chemical biologists employed by the government. For the purpose of arresting the disease, and gradually driving it out of the country have urged an inspection of all corn offered for sale.

Sound corn is held to be a wholesome form of food, but whether corn, when heated, fermented, or molded is safe, is another question. That it is unsafe and the cause of pellagra is so firmly believed in Italy and the Austrian Province of Tyrol that the governments of these countries have enacted stringent laws regarding the quality of corn and corn products which may be sold or imported. The possibility that spoiled corn may possess poisonous qualities seems, foreign experts declare, to have passed unnoticed in this country.

Most investigators who have delved into the subject have contented themselves with the determination of pro-

All First Prize Goods

Blue Ribbon Coffee and Blue Ribbon Baking Powder have the same good quality that Blue Ribbon Tea is famous for. They are guaranteed superior to all others. And if you buy one of these articles you are at liberty to return it and have your money refunded but we know you will prefer to keep the goods.

equa content, meal spoils more readily than the whole corn." Mr. Black points out that moist corn which is otherwise sound ought not to be condemned. Curing, prior to storage is necessary for it will then be in good condition.

It has been found according to investigations that if growers and handlers of corn could be induced to dry corn adequately, it would result in a great addition to the wealth of the country, irrespective of any danger to the public health, from the consumption of spoiled corn. Much less corn would deteriorate in transit and storage. Millions of gallons of water in the for most undesirable moisture in corn, are transported annually from the corn belt. The transportation cost of this water could be saved if the drying process would be enforced.

In the study of corn an interesting phenomenon was discovered. Mr. Black, in describing the conditions says: "The germ in the corn kernel is a living thing. As long as it is not very dry, its respires and gives off carbonic acid and water. Like all living things, it uses up food in the process of respiration. The food it consumes is the material stored in the endosperm. It is clear that the more food the embryo respires away the less will be left for man.

It is evident that moist corn must lose in food value more than dry corn. If it were possible to calculate the loss thus sustained, it would amount to a very large sum."

In determining good corn, the experts contend, it should have the fragrance characteristic of good meal. Spoiled corn has a musty or sour odor which is intensified by warming it slightly. In examining corn, samples should be noted as the sample is of the mass. Whether the odor is musty or sour, the interior of a silo should be noted as the sample is taken. The general appearance of each sample must be observed, for in dealing with large masses of grain different conditions may be met with in different parts of the mass. If this proves to be the case, the different samples are best examined separately. Ordinarily, however, the various samples are thoroughly mixed, and the sample for examination taken from the mixture at several different points. The moisture content is thus determined accurately.

Following this examination the corn is then spread out in a thin layer to see whether it is of characteristic bright shiny appearance, or whether the kernels are dull, blotched, with discolored embryo indicative of heating or fermentation, or whether they are pale and shriveled. A large number of kernels are next examined and the hull is removed from the embryo to show whether its condition is good. The good is then separated from the bad, and the percentage of the crop is ascertained.

MONEY IN RUBBISH. Woolwich dust heaps seem to be veritable gold mines. A "selector" who appeared before the local police court claimed to earn from \$5 to \$10 a week, on the magnitude expressing surprise a witness interpreted with the assurance that he knew a man who made \$10 a week in that way in London.

It is part of probability that the improbable will happen.

THE PROVIDER. Senator "Bob" Taylor, of Tennessee, tells a story of how, when he was "Fiddling Bob," Governor of that State, an old negro came to him and said:

"Marsa Gov'n, we's mighty pe' this winter, and Ah wish you would pardon mah old man. He is a fiddler same as you is, and he's in the penitentiary."

"What was he put in for?" asked the Governor.

"'Cause o' workin' 'fo' it that good-folldin' nigger done stole some bacon."

"If he is good for nothing what do you want him back again for?"

"Well, yo' see, we's all out of bacon ag'in," said the old negro innocently.

"Here's a collection of facts that are of no practical use to anybody," said the assistant.

"All right," answered the editor. "Head them up 'Things Worth Knowing' and let them go."—Washington Star.

NEWS OF THE CITY

Mrs. R. H. Telford and Mr. Ray Telford of Leduc, came into the city yesterday.

The Citizens band are arranging for a concert to be given shortly in aid of the band.

Walter Ramsay left this morning on a visit to his former home in Belleville, Ontario.

Miss T. E. Richardson of Little's look store left today per G.T.P. on a visit to Toronto.

The Imperial Bank is establishing a sub-branch at North Edmonton, which will be opened in a few days.

Mr. William Short, of the law firm of Short, Cross and Biggar, leaves for a few months' trip to England.

Owing to the Veterans' entertainment on Friday evening there will be no parade by "A" squadron of the Mounted Rifles.

Miss K. Walker of the Fraser Flats school is absent on a two-month leave of absence. She is visiting friends in the east.

A Candelaria dance is being given by the Caledonian society next Thursday evening. Lynch's orchestra will provide the music.

The Caledonian society has completed arrangements for the holding of the annual Burns supper in the Separate school hall on January 25th.

The forty-ninth meeting of the Edmonton Musical club will be held as usual in the Separate school hall on Saturday, January 7th at 3.30 o'clock.

Jack Shilleto, formerly a resident of Edmonton, who has been visiting in Coast cities, has decided to locate in Lacombe upon his return to Alberta.

The regular monthly meeting of the board of directors of the Y. W. C. A. will be held at the home on Third street tomorrow afternoon, commencing at three o'clock.

Owing to heavy drifts in Saskatchewan and the eastern part of Alberta, the G.T.P. train from Winnipeg, due in Edmonton at 8.15, was delayed six and a half hours last evening.

The Veterans' Association will give a grand patriotic concert in the Separate School Hall on Monday evening, Jan. 9. All officers, non-commissioned officers and men are expected to attend in uniform.

At a meeting of the public works committee on Monday last evening the committee will decide the duties of the building inspector, as instructed by the council on Tuesday. Their report will be presented to the council next week.

The assessment committee and city commissioners, at a meeting yesterday, decided to recommend to the council that, in view of the many calls on the city treasury for grants, the grant of the Victorian nurses this year be only \$50.

The town of Hardisty suffered considerable damage in the gale of Tuesday night. The roof of the house occupied by Hugo De Tros was blown off and carried fire rods into the Battle river. The walls of the house were partly torn down.

The militia department has authorized local military authorities to rent a drill hall, provided that the rental does not exceed \$50 per annum. The property should be conveniently located and at least 250 square feet of floor space is required.

The commissioners have written a number of Canadian and American cities for information as to their experience in the application of the water meter system to private residences. Hitherto the meter system in Edmonton has been applied only to business and other large blocks.

Seven new teachers have been added to the staff of the Edmonton school. They are: Mr. T. Teskey, B.A.; Misses M. S. Clarke and E. Clarke; Miss Spakman; Miss M. MacDonald; Miss Fuller and Miss M. A. Crozier. There are now 67 teachers on the staff.

The public works committee held a meeting yesterday afternoon for consideration of the new building bylaw. They expect to complete the revision of the bylaw prepared by building inspector Coxtrell within a couple of weeks, when it will be submitted to the underwriters for approval.

A supper and magic lantern entertainment were given in the school-room of St. Faith's church, Norwood, last evening, for the scholars of the Sunday school. Games were enjoyed during the course of the evening, and

sweets and hobbys were freely distributed to the children. Parents attended in considerable numbers.

Jas. Horne, district freight agent of the Canadian Northern Railway, has returned from an extended trip east, accompanied by his bride, nee Miss Winkler, of Winnipeg. His marriage took place in this city some weeks ago. On their honeymoon trip, the couple visited Chicago, Washington, and New York. As present Mr. and Mrs. Horne are guests at the King Edward, but will shortly take up their residence in the Arlington Apartments.

A grand patriotic concert will be given in the Separate school hall by the Imperial Veterans' association, on Monday evening next, January 9. Officers, non-commissioned officers and men are expected to attend in uniform.

A meeting of the committee of the Edmonton Irish association will be held this evening in the office of Driscoll & Knight to arrange for an Irish reunion to be held during the present month.

Arrangements were completed yesterday for the Veterans grand patriotic concert to be held January 9th, in the Separate school hall, under the auspices of the Imperial Veterans' association. Lieut. Gov. Bulvey, the Edmonton Garrison, and the Daughters of the Empire, have extended their patronage to the event.

FRATERNAL

CALEDONIAN SOCIETY.

The regular bi-monthly meeting of the Caledonian society was held last night in the Separate school hall.

The chairman of the executive reported that the arrangements for the Candelaria dance on Thursday 12th inst. were now completed, a large attendance was expected and Lynch's orchestra had been engaged to provide the music. He also reported progress on the annual Burns' supper which is to be held in the Separate school hall on January 25th. The supper will take the same form as last year which was one of the finest and most successful banquets held in the city. A splendid program is being prepared and the toast list will be handled by some of the best known after dinner speakers in the city. The tickets are now on sale and can be had from any member of the committee.

DENOMINATIONAL

A meeting of the British and Foreign Bible society was held in the Y.M.C.A. parlors last evening.

A series of meetings will be held in the building at the corner of Fraser and Clara commencing this afternoon at 2.30 and continuing for several days. Services will be held in German, English and Scandinavian. A cordial invitation is extended to all.

SOCIAL

Mrs. J. L. Conover will receive for the first time on Tuesday, Jan. 10th, at 2215 Jasper west.

THE WEATHER

Winnipeg, Jan. 6.—Mild weather has prevailed in Alberta and also in the southern parts of Saskatchewan; elsewhere in Saskatchewan and in Manitoba it has been cloudy and cold with some snow falls.

Forecast—Manitoba and Saskatchewan, moderately cold, light local snow.

Alberta, mostly fair, light local snow, chiefly in the northern portions.

Edmonton, snowing 38 22
Calgary, clear 44 24
Lethbridge, clear 44 31
Regina, cloudy 18 14
Winnipeg, cloudy 4 14

REBELS IN HONDURAS
PUZZLE AUTHORITIES

Revolutionary Expedition Headed by Bonilla Establishes Headquarters on Bay Island.

Puerto Cortez, Jan. 6 (via Wireless via New Orleans).—The Honduras revolutionary expedition, headed by General Bonilla, today arrived at Bay Island and established a base of operations on Roatan Island, one of a group lying 100 miles from this port and 50 miles from Lacerba.

The next move of the revolutionists is being anxiously awaited by the Davila government, as the tactics of the expedition is keeping everyone puzzled.

LITTLE CHANGE IN
QUALITY OF MILK

Dairy Inspector Submits Monthly Report—Majority of Dairies Score High

The monthly report of the dairy inspector shows the standard of milk production in the city and district little changed from immediately preceding months. Of the forty dairies visited by the inspector during the month, six are scored "Good" in respect to every one of the three items of stable, milk house and utensils. Seven of the dairies lost heavily in the scoring on account of the poor condition of one or more of these features of the dairy plant.

The lowest percentage is scored by E. R. James, with a percentage of 85.5. Mr. James' stable has been in poor condition, but it is understood that the dairy is now being sensibly improved.

H. Schmidt is scored "Poor" in respect to milk house and utensils. The dairies of Geo. W. Wilkinson, F. A. Lepard, Godfrey Bros., H. Monnacon, are described as worthy of a low rating in so far as the condition of their stables is concerned. Three local dairymen have been reprimanded by the inspector during the course of the month for failure to keep their stables properly cleaned. It is in the farms located in the outside districts that improvement in December is mainly to be noted.

Morris Bros. dairy again heads the list as the best of the dairies supplying the city, according to the score card percentages. The Borden test shows a percentage of 98 of butter fat, and upon every feature of milk production, the score is 88.90 per cent.

Other dairies which are scored "good" in respect to the three essentials of milk house, stable and utensils, are Haire Bros., with a percentage of 82.0; E. Longbottom, with a percentage of 80.9; H. Herber, John Donnan, and John A. Davis.

NOMINATIONS AT CALDER

Nominations for councillors for the town of Calder will be held on Monday and the municipal elections on the following Monday, January 16th. There will be three councillors elected one of them to act as chairman of the council for the year 1911.

MUSICAL PROGRAMME.

Following is the programme which will be rendered by the Musical club in the Separate school hall tomorrow afternoon, commencing at 3.30 o'clock: Piano duet—La Balladine, C. B. Lysberg, Mrs. J. A. Lessard and Mrs. F. E. Poirier.
Song—(a) The Two Grenadiers, Schumann; (b) Still as the Night, Brahms.
Violin solo—Selected, Miss Edith Webster.
Vocal duet—Wanderer, Nachtelied, Rubinstein, Miss P. Davies and Her Piano solo—Valse d'Amour, Schubert, Miss Martin.
Song—(a) Sapphic Ode, Brahms; (b) Widdling, Schumann, Miss P. Davies.

NECROLOGIC

Alexander Fraser, a member of the city police force, died this morning at two o'clock. The deceased, who is a native of Edinburgh, Scotland, had been sick for several weeks before his death. He joined the city police force on March 18, 1910, and has served regularly ever since.

It is expected that the funeral will take place on Sunday afternoon, when the entire force of the city police will turn out. The deceased leaves a brother resident in Edmonton also a member of the city police force.

HYMENEAAL

The wedding took place at Lac Ste. Anne on Wednesday, December 28, of Mr. William Gray and Miss Annie McGinnis. The ceremony was performed at the home of Mr. Peter Gunn, M.P., and was performed by Rev. Mr. Clegg of Valmont. The bridesmaid was Miss M. Ritch, niece of Mr. Gunn, and Mr. J. Keen acted as groomsmen. Following the wedding a reception and dance were held at Mr. Gunn's house. Mr. and Mrs. Gray will reside at Lac Ste. Anne, where Mr. Gray has lumber interests.

Hayes-Robinson

At Grace Church, Markham, Ont., on Wednesday, January 4th, Miss Christine J. Robinson, daughter of Mr. and Mrs. William Robinson, was united in marriage to Mr. C. F. Hayes, business manager of the Edmonton Bulletin. The ceremony was performed by Rev. E. J. Fenning. On their return from a trip to Montreal, Mr. and Mrs. Hayes will take up residence on Tenth street.

FIRST MEETING OF
SCHOOL BOARD

Great West Land Company Offers \$85,000 for Queen's Avenue Property

The Great West Land Company, on behalf of K. A. McLeod, made an offer to the school board last evening for the purchase of the site of the Queen's Avenue school and building. The sum offered was \$85,000, one third cash, and the balance on terms to be arranged. The offer was turned down as the board does not contemplate disposing of the site for some time to come. For the present the building is required for school purposes. The site comprises ten city blocks. It was purchased by the board in 1910 for \$129,885, and the cost of the school building was \$34,260.68.

Standing committees for the ensuing year were appointed by the board at their first meeting of the year last evening as follows:

Finance—A. T. Cushing, chairman; W. H. Clarke, G. Gordon Barnes.
School management—W. Ramsay, chairman; A. T. Cushing, G. Gordon Barnes.

Building and Grounds—W. H. Clarke, chairman; A. T. Cushing, W. Ramsay.
Grounds—G. Gordon Barnes, W. H. Clarke and W. Ramsay.

TO CONSIDER PLANS OF
SPRING STOCK SHOW

For the purpose of discussing plans for the stock show which is to be held on the exhibition grounds in April, the presidents of the various stock associations will hold a meeting at the exhibition offices this evening. The directors of the exhibition association will meet on Monday night to consider the calling of competitive plans for the erection of the new stock pavilion which is to be built this summer.

POULTRY ASSOCIATION
CHANGES ITS NAME

Will in Future Be Known As the Edmonton Poultry and Pet Stock Association

At the annual meeting of the Twin City Poultry and Pet Stock Association held in the council chamber last evening, it was decided to change the name of the organization, which will henceforth be known as the Edmonton Poultry and Pet Stock Association. Officers for the year were elected as follows:

Borons, His Honor, Lieut.-Governor Bulvey, the Hon. A. L. Sifton and A. C. Rutherford; honorary president, the Hon. Duncan Marshall; hon. vice-presidents, Geo. Harcourt, deputy minister of agriculture, Mayor Armstrong, H. V. Shaw, Chas. May and R. J. Manson; president, C. C. Longmore; vice-president, Frank Cullinmore; secretary-treasurer, W. McMoore; executive committee, J. E. White, N. Gorton, H. Scott, A. W. Foley, W. C. Bradburn, A. Oliver, B. Nixon; auditors, Geo. B. Fraser and W. Richards.

MILWAUKEE POLICE WANT
PROMINENT BUSINESS MAN

Charged With Manslaughter Following Death of Woman on Whom He Operated.

Milwaukee, Jan. 6.—The police have sent out cablegrams to the police in various cities in England and Europe, asking them to arrest and hold F. E. Shaffer, head of the Wisconsin Odd fellows, who is wanted here on a charge of manslaughter, following the death of a woman and her child upon whom he operated.

The doctor was married to the Baroness Von Ottingen in London, on Christmas day, and it was the announcement of the wedding that caused the excitement among the police here.

POLICEMAN KILLED.

Entered Street Car While Bandits Were Robbing Passengers near Duluth.

Duluth, Jan. 6.—Two armed bandits entered a Duluth Superior street car near the Interstate bridge at Duluth at an early hour this morning and held up the passengers and crew. Policeman Chesmore on the way to work boarded the car not knowing the bandits were at work. He was shot and instantly killed. The robbers escaped, but are being pursued in autos.

FIRE IN NEW YORK

New York, Jan. 6.—Caught in a back draft during a fire which swept a five-story building, causing estimated damage of one hundred thousand dollars, four firemen were seriously and probably fatally injured. The blaze threatened the St. Vincent's hospital but was confined to a single structure.

BLOOD POISONING
RESULTS IN DEATH

Homesteader Who Drove 100 Miles With Broken Leg Dies in City Hospital

The victim of a particularly rapid case of septic poisoning, William Houston, a young homesteader from the Paddle River district, who had his leg fractured three days ago, died yesterday in the public hospital.

While setting a whiffletree on his farm, the young man got his leg caught in some manner, and suffered a compound fracture. His brother, who was working with him, brought him as rapidly as possible into the hospital in Edmonton, 100 miles. On the journey septic poisoning set in, and when he reached Edmonton he was in a precarious condition. The doctors after working for hours, could not save him.

The young man was 22 years of age, and with his brother had come from New Brunswick to homestead, about six months ago.

PLANING CIVIC BANQUET.

Supt. McLean, chairman of the civic banquet committee, has called a meeting for tomorrow afternoon to arrange for the annual banquet of civic employees, which will be held sometime this month. The second banquet of civic employees was held in December, 1909, in the Cecil hotel, and was participated in by nearly 200 employees of the city departments.

CITY WOULD CLOSE
SLAUGHTER HOUSE

Action has been taken by City Solicitor Bowen to compel the P. Burns Company to remove their slaughter house from within the city limits, they having failed to do so as agreed last fall. A summons to appear in chambers on Tuesday, January 10th, was taken out this morning when an order to close the place will be asked from the court.

MONTHLY MEETING OF
DIRECTORS OF Y. M. C. A.

The regular monthly meeting of the directors of the Y.M.C.A. was held last night. This is the last meeting of the old directors, and the annual election of officers may take place on February 2nd.

There are fifteen directors and ten retain their seats. Those whose terms expire are W. W. Brown, W. I. Craft, W. H. Clark, Geo. McLeod, and H. W. Riley, who is now in Calgary.

MONTHLY REPORT OF
POLICE DEPARTMENT

The monthly report of the police department shows that there were 116 people apprehended during the month of December, 28 of them being under the criminal code, two under the Dominion statutes, three under the health act, eight under provincial acts and 75 under city by-laws.

Of the 116 people apprehended there were 95 convictions secured, 14 were withdrawn and 7 dismissed. Fines to the amount of \$2,880 were imposed, and lost and stolen property to the value of \$34,235 was recovered and restored to the owners.

A LONG ROPE

One of the English exhibits at the Brussels exhibition was an immense coil of rope made from cotton. The rope, which was one and one-half inch rope, which was one and one-half inches in diameter, measured 14,116 feet in one continuous length without pittings of any kind, and constituted a world's record for length. It has been estimated that were the individual yarns of the three strands placed end to end they would have encircled the earth at the equator an dozen half length to reach 1,860 miles.

SONS OF ENGLAND PROTEST.

The following letter has been sent to the Honorable Duncan Marshall, Minister of Agriculture:

Dear Sir:—Acting on instructions of my council who were authorized by unanimous vote passed at lodge meeting held Monday, January 2, 1911, I am authorized to ask whether your declaration has been drawn to the declaration of the Edmonton Journal of December 29, 1910, which said state-ment contained therein purporting to be an authorized declaration by one of your servants, that old countrymen were chicken-hearted, and that failures in the North West were distinctly traceable to that source. Before taking further action we would like to hear your view of these repeated and studied insults, which find their way to our land and sea, and which too frequently acts as serious deterrent to intending British immigrants. Yours respectfully, GEO. F. TEAPE, President. D. J. SMITH, Secretary.

POLICE COURT

A parcel of bedding was found by a policeman on an east end street last night. If the person who took up the coat and walked and forgot to bring back his couch will call at the station he may have it back.

Two of the tangled feet getting loose behind the rail this morning. One paid the other didn't, so he went back to the cooler for a ten-day rest.

The action to secure wages brought by Wilson, a 17-year-old youth, against W. Snow, was adjourned for the fifth time this morning. M. Snow did not appear, the court evidently being too warm for him. Snow claims he is broke and cannot pay and Wilson melted, allowing him all this afternoon to pump up before taking out a distress warrant against him.

AT THE EMPIRE.

"A Royal Prisoner" the farewell play of the Partello company proved to be one of the best plays presented by the Partello company during their stay in Edmonton. There have been many such companies at the Empire since its erection but not one of them have given the satisfaction, or pleased the theatre going public that the Partello players has. In presenting "A Royal Prisoner" one of the best, as well as most pleasing plays is offered, it having been seen by the theatre going public of this city for over four seasons. Miss Kennedy as the Empress of all Russia has been acclaimed by both press and public, as being better in this particular part than any part that she appears in. Jack Westerman as the royal prisoner is seen in a part that has been his part for many of his appearances. He has appeared in, and gives him an excellent chance to display his versatility. "A Royal Prisoner" will be repeated tonight, tomorrow afternoon and tomorrow night, which will close the engagement of the Partello company for some time. The management wishes to extend their heartiest thanks to their many admirers for the patronage, and sincerely hopes that the Partello company will not be forgotten on their return, which will be in about four weeks.

SUMMERS STOCK COMPANY.

With a carload of new scenery and handsome new wardrobe and the very best stock company that ever toured Canada, Mr. Geo. H. Summers will appear at the Empire theatre, on Tuesday night next, January 10th, at the Empire theatre with that great comedy "The Wrong Mr. Wright" in the evening comedy role. Mr. Summers gives a wonderful portrayal and keeps his audience in an uproar of laughter through his performance. The supporting artists are all good and render valuable assistance to him in making this an excellent production.

The wardrobe is all new and specially designed for each production, during this one play the ladies making five distinct changes. Between the acts clever vaudeville specialties will be introduced leaving never a dull moment from the rise to fall of curtain. The vaudeville include such meritorious performers as The Comedy Colton, Master Nugent, Grace Whitteher, Herbert Lig, Johnny Murray and others.

NOTICE TO CONTRACTORS
AND PROPERTY OWNERS.

The Militia Department will pay \$500 a year rent for an armory in Edmonton. The property should be conveniently located, and the floor space required is 2204 square feet, which may be on two stories. For further information apply to Mr. W. A. Griesbach, C. O. A. 19th A. M. R. Edmonton.
